VACURECT™

Erection Enhancement System

Revolutionary Vacuum Therapy To Restore Your Love Life

Distributed by **VACUMED** In Australia

The Ultimate in Vacuum Therapy: The Vacurect™

- **Unique design**
- **Clinically proven**
- **Discrete and effective**
- **Superior functionality**

The introduction of the **Vacurect™** marked a breakthrough in the treatment of **erectile dysfunction and rehabilitation after prostate surgery**. It is now setting a new standard in vacuum therapy and is already restoring intimacy to thousands of relationships across the globe since 1999. The **Vacurect™** has a compact, pleasing design and is very easy to use. It uses a natural pumping action that will not detract unduly from the intimacy of the moment. It uses a unique double sealing constriction ring that enables maximum efficiency which means that it works much faster, resulting in minimal interference with foreplay and intimacy. Most importantly, the **Vacurect™** enables couples to enjoy lovemaking again.

The **Vacurect™** was researched and developed by a team of professionals and is patented internationally. It was tested in South Africa by the Pretoria Urology Hospital, the Institute for Sexology and The Universities of Cape Town and Stellenbosch. The result is a superior, integrated high precision **medical device** that can be used with complete confidence for many years.

The **Vacurect™** uses the latest technology in vacuum therapy available today and is a bestseller globally. **No prescription needed.** If the intention is to claim a contribution from your private health fund, consult your Physician before placing an order.

A **Vacurect™** Package includes:

- **Tension/Constriction rings of different sizes**
- **Personal lubricant**
- **System Oil (Silicon) Bottle**
- **User Manual**
- **Covered by one-year product warranty.**
